Other Varietals Available?	Yes

Product Information

Vinca began with its founder Jack's early passion for wine, sparked in a Sicilian vineyard at 18. After a decade in the London wine trade and witnessing the industry's environmental impact, he set out to create a more sustainable option.

During lockdown, he and two friends launched Vinca — organic, Sicilian canned wines now enjoyed worldwide.

Tasting Notes

Our award-winning Organic Red Wine is so good you'll be wondering why you've never had it from a can before.

Don't want to open a whole bottle? Our cans are 187ml so perfect on those nights when you just want one glass! Vinca is grown under the Sicilian sun, made by wine lovers, and canned with the planet in mind.

Our red wine was a blend carefully curated by Jack and our winemaker in Sicily. We use 80% Nero d'Avola, a wonderfully juicy red grape, and top it up with 20% Frappato to bring a little dried strawberry and pomegranate to the finish. It's proper Friday night pizza wine.
