Don Aparo rode his bicycle 14km every day to his beloved vineyard in Mendoza. He put the vineyards to bed every night, and was often seen walking with his lantern through the vines on an evening. This story perfectly encapsulates the history, integrity and tradition that the winery is renowned for.

“Finca Vista” translates to “Estate View”. The grapes for this wine have been carefully selected from three high quality vineyards in the Mendoza region; Lujan, Maipu and Junin. The vineyards are all over 40 years old and are situated at high altitude, close to the Andes Mountain range. The three vineyards are situated between 700 to 1,100 metres above sea level, from where the view is simply stunning.

CHILE

Full of fascination and intrigue, Chile is a pure joy. The variety on offer from Kingsland Drinks is substantial and diverse including wines with a wide range of aromas, flavours and textures. From the cooler coastal areas and high altitude vineyards the aromatic whites and delicate reds reign supreme, whereas the Central Valley offers fuller styles of whites and more intense reds. Vinification methods are designed to enhance the typical characteristics of each variety.

CHILE TIERRA DEL REY / ESTRELLAS

In 1554, whilst struggling to remain heir to the Spanish throne, Philip II of Spain married Queen Mary I of England. In order to give him equal rank with the Queen, he was renamed **Tierra del Rey**, 'King of Chile' by his father and thus became Chile's only King.

The Central Valley is set in between the majestic Andes Mountains and the mighty Pacific Ocean, making it an ideal location for growing grapes. The mountains protect the wine region by creating dry, hot climatic conditions and the cold ocean breezes keep the vines cool.

Estrellas translates as 'Stars'. Chile is famous for its clear night skies which make it a mecca for astrologists and stargazers. The label depicts these infamous starry night skies.

FRANCE ALLIANCE LOIRE

DE CHANCENY IS AVAILABLE TO ALL TRADE SECTORS.

The vineyards of **Alliance Loire** follow the Loire river from Nantes on the Atlantic coast to the Touraine region 1,000 kilometres inland. Alliance Loire is the stellar combination of seven cooperative cellars who decided to join forces in 2002 bringing with them their expertise on crafting expressive wines from their individual AOPs which reflect the diverse terroir, climate and grape varieties planted. We've chosen a Muscadet that has been aged on its lees which adds more complexity and rounded structure on the palate than a regular Muscadet. The Rosé d'Anjou that we've also chosen is a great example of rose that has some sweetness to it but great acidity so the perception on taste is not overtly sweet but really soft and refreshing.

SOUTH AFRICA

Liberated by the advent of democracy, the South African wine industry has gone from strength to strength. The Cape winegrowing areas, situated in the narrow viticultural zone of the southern hemisphere, mainly have a Mediterranean climate. The mountain slopes and valleys form the ideal habitat for wine grapes, the products of which have given pleasure to man for many centuries. Long, sun-drenched summers and mild, wet winters contribute to the ideal conditions for viticulture.

SOUTH AFRICA DUDLEY'S STONE

Dudley's Stone reminisces about the 1869 discovery, when the first large diamond, the 'Star of South Africa' was found in the country. The Western Cape covers almost all of the South African winelands. Wines from this region range from sturdy Rhone-style reds to aromatic Sauvignon Blancs, in vineyards cooled by breezes off the Atlantic.

Sicily, Italy
Tasting note: This organic pale Rosé is made from 100% Syrah grapes - from a selection of vineyards that show off the west coast Sicilian terroir. Careful pressing allows the delicate red fruits to shine and allows the Syrah to bring a slight spice to the finish. A lovely Provence-style Rosé from the coast of Sicily.
